Sir,

With reference to Government Proceedings No 886-1 dated 21st February 1896, sanctioning estimates for repairing the Sree Narasimha Devar and Kesava Devar Temples at Grama in the Hassan Taluk, I have the honour to state that the final estimates of work done have slightly exceeded the original sanctioned estimates, as sundry additional minor repairs were found necessary during the execution of the work. The final bills amount to Rs 180-2-5 for Narasimha Devaru temple and Rs 250-3-0 for Kesava Devaru temple, against Rs 160 and 230 respectively. Thus the excess in each case is only Rs 20 Revised estimates are herewith submitted for sanction, as the contractors press for payment

2 The excess amounts may be met from the General surplus of the instructions in the District Vernacular papers ending with Hassan Amildar's report No 40 are enclosed.

3. I beg to take this opportunity to suggest that the Deputy Commissioners may be authorized to sanction such excesses over sanctioned estimates to the extent of 5 per cent of the total estimate, as they are authorized to do in the Local Boards Departments in the capacity of the Presidents of the Board.

Sir,

With reference to
Government Proceedings No. 460-1
Dated 12th July 1897 sanctioning
an Estimate for Rs 668-0-0
for additional repairs to the
door to the Sree Channakesava
Swamy Temple at Grama,
Hassan Taluk. I have the
honor

honor to submit herewith a complete bill for Rs 662-6-5. and to state that a sum of Rs 571-6-5. has already been advanced and adjusted as per bills submitted in Government Proceedings No 209-10 Dated 29th August 1899, after receiving Rs 50/- for which two bills are herewith submitted. A measurement bill for the balance amount viz, Rs 101-" is also submitted for counter-signature and kind transmission to the Comptroller for audit —

2 — It will be seen from the Vernacular records herewith submitted, that Contractor Krishnachar has taken a good deal of interest in the work

Turn

taken up by him and is reported
to have spent out of his own
money Rs 300 for works and
repairs for which no provision
was made in the sanctioned
estimate and without which
the Temple could not have pro-
-ceeded a reasonable appearance.
There are yet some items of work
which must be executed to complete
the repairs to the Temple. The
Assistant first sent in a revised
Estimate for Rs 977-- and a
Measurement both which was
in excess of the sanctioned Estimate.
This was objected to from this
office as the Assistant had no
authority to exceed the sanctioned
amount and he had been further
ordered to submit a Completion
bill and a Measurement both
for the balance of work done
together

together with his explanation for exceeding the Estimate. These explanations tendered by him, that some unforeseen and necessary items of expenses were by oversight omitted in the Estimate and without the execution of which further work could not be carried on, seems to me to be reasonable. It will further be seen from the comparative statement that while most of the items that were provided for have been actually executed below the Estimated Cost, the three or four other items now included are of such a nature that they cannot be put off.

3 — Under these circumstances I request that the sanction of Government may be obtained for the revised estimate of

Rs.
